

Student Veteran Allied Faculty Education (S.A.F.E.)

Boots to Books Workshop Series

Record numbers of military service members are expected to enroll in colleges and universities across the United States as Iraqi and Afghanistan service members return from deployment. As veterans shift from the military to collegiate setting, both veterans and the campus community must adjust to the changing community and differing value systems.

EFSC Military & Veterans Service Center in partnership with the Orlando VA VITAL Program offered the Student Veteran Allied Faculty Education (S.A.F.E.) under the Boots to Books Workshop Series. The workshops provide information to faculty and staff, on the advantages and opportunities of bringing veterans into the college environment and will ensure and provide a welcoming and inclusive environment for the veterans and their families consistent with the goals of the college.

Congratulations to the following faculty and staff members for completing the S.A.F.E. Boots to Books Workshop Series.
